Connecting to the Computer

Connect the Digital Photo Frame to your computer by plugging the USB cable included with your unit into the port on the side of your photo frame using the small mini connector plug and then plug the larger USB plug into your computer.

The PC will detect your DPF automatically and the dialog box will appear as below:

Warnings:

Note 1: When your Digital photo frame is recognized as a removable disk, you cannot open or explore this removable disk and drag or drop photos into this device.
You must use the conversion tool software to store the photos.

Note 2: If you try to click on this removable disk icon from the My Computer screen, your Windows system will ask you to format the device, but this device cannot be formatted. If you try to format it, Windows will show "format fail". This is not a malfunction.

Note 3: WARNING FOR WINDOWS VISTA OS USERS; when you connect this device to some versions of Windows Vista, the Vista operating system will ask you to format the device. Please DISREGARD this warning message. DO NOT format the device.

Downloading Pictures

The Picture Conversion Software Tool can convert pictures of JPG and BMP file formats only. Select the pictures you want from your computer or desktop, click "add", then you will see the selected pictures are in the right side of the dialog box. You can only add pictures one by one. After the selection, click Download and wait until it is completed. The pictures will then be saved in your photo frame.

Delete Pictures

Choose the photo that you want to delete and click "Delete". After that, click download to update the digital photo frame with the changes. Please wait until the download process has finished completely.

Please remove the digital photo frame from your computer as you would a removable storage device

FCC Norm

FCC

This equipment has been tested and complies with limits for Class B digital devices pursuant to Part 15 of Federal Communications Commission (FCC) rules.

FCC Compliance Statement

These limits are designed to provide reasonable protection against frequency interference in residential installations. This equipment generates, and radiates radio frequency energy, and if not installed properly or used in accordance with the instructions, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in television reception, which can be determined by turning the equipment on and off. Interference may be corrected by one or more of the following measures:

- **Reorient or relocate the receiving antenna**
- **Increase the separation between the equipment and the receiver**
- **Plug the equipment into an outlet on a circuit different from that to which the receiver is connected.**

CAUTION!

The Federal Communications Commission warns the user that changes or modifications to the unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Service Procedure

Beyond the retailer return policy, please call the toll free number below to obtain service. A customer representative will give you a return authorization number (RA number) allowing you to ship your product to the service center.

Please have the following information available when you call the service center:

- □ Your Name and Address
- □ Date of Purchase
- □ Model Number
- □ Serial Number
- □ Store Name and Address
- □ Store Location Number
- □ Type of problem with the unit

After receipt of the RA number:

- □ Send the complete unit, including power cord and adapter in the original carton to the address below.
- □ Include a copy of the original receipt for proof of purchase .
- □ Write the RA number on the outside of the package. Packages without RA numbers will not be accepted.
- □ The LCD monitor is fragile. Use extreme care when handling and packaging the unit.
- □ The purchaser is responsible for any shipping charges to the repair facility and assumes all risk.
- □ The service center will repair or replace the unit and send it back to the purchaser within 10 working days from receipt of the unit.

To contact the service facility, please call 508-435-4830 or (800) 639-3803. The address for this facility is:

Four Star Group
26840 Fargo Ave. Suite C
Bedford Heights, OH 44146
